TO WHOM IT MAY CONCERN:

Fabulous, eye opening and emotional. This is the feeling that is going around our school today after seeing the presentation *Don't Buy the Lie About Getting High*.

We were fortunate enough to have Joe Shoeboogiemann come and give a presentation to our school at no cost yesterday. This was a wonderful look into the reality of drug use and where it can really take you. Joe presents straight from the heart and that's what really made the kids sit up and pay attention. During his presentation he displayed pictures of kids that have overdosed and there was a photo of a Mission girl that some of the kids knew and that really brought tears to many eyes. Actually just seeing those young lives that are no more was really touching.

I think the work that Joe has taken on is definitely an asset to these high school kids. I encourage him to keep carrying on his message to as many people as he can and wish him all the best. He truly makes a difference.

Sincerely yours,
