Dear Joe,

You were a hit at our staff meeting on January 17th, 2003. We really enjoyed not only hearing your inspirational story, but also your YES I CAN message.

Our meeting attendees included financial advisors, customer service officers, administrative staff and management, all of whom could relate to your message of overcoming adversity. You added additional impact by customizing your talk for our group.

Thanks again Joe for presenting this to us and I will recommend you to other corporate events should the opportunity present itself.

Sincerely,
