October 22, 2009

Joe Roberts, “Shoeboogieman”, gave a presentation to the students and staff of Apex Secondary on October 20, 2009. Apex is an alternate school in Langley with approximately 90 students attending regularly. Many of our students struggle on a daily basis with family and peer conflict, academic deficits and substance use.

Joe’s presentation outlining the 11 lies about using drugs hit a sensitive chord with many. The staff and students felt the presentation was very well delivered and the slide show at the end had a great impact.

I would highly recommend Joe’s presentation to any group or organization.

Yours truly,

Angela Gadd
Family Support Worker
